Silver Production.

Washingram, October 20th - E. O. Loreb Director of the Meat, has retoreed from a visit to a number of men a in the West, Speaking of his trip, he said. "As to the prospects of silver mining and the current production of our mines, I should say that the silver product of the United States is increasing. Certainly there is great activity in all the mining camps which I visited, and when one considers that only a short time ago they were getting only 90 cents an ounce for silver and 3% cents per pound for lead, while to-day silver is worth \$1 10 an ounce and lead 6 cents a pound, it is not sarprising that there should be great activity in mining industries and the output should be increased.

The United States Supreme Court Judges are M. W. Fuller, S. J. Field, J. P. Bradley, J. M. Harlan, Horace Gray, Samuel Blatchford, L. Q. C. Lamar and D. J.

It was rumored in Chicago Monday that Judge Greaham had been appointed to fill the vacancy on the Supreme Bench caused by the death of Justice Miller.

Secretary Tracy thinks the successor to Justics Miller will come from the West.

LAST NIGHT'S RALLY.

The John P. Jones Young Men's Republican Club Paint the Political Town

The speaking of Senator Stewart last night was made the occasion for a grand rally last night by the John P. Jones Young Men's Republican Club, of Reno, which literally painted the town red, and also red, white and blue. The boys were considerably rushed for the turn out, but during the afternoon flung a fine banner across Virginia street, and in the evening had 128 flambeaus, torches and transparencies in the hands of wide awake and active Republicans. Some of the mottoes were exceedingly good, and attracted great attention. The people crowded the streetto see the display, and the boys made a big hit. With flags flying and torches flaming they escorted Senator Stewart to the Opera House,

Chairman Emmitt called upon the Republican Glee Club for a song, and the boys rendered it in splended style, and were salled upon for unother, which they also did finely. Senator Emmitt then placed the Young Mon's Club in charge of the meeting, and President Van Duzeopened it in a manner becoming a veteran. Senator Stewart was well received and for two hours held the close attention of the audience in explaining the d talls of the tariff, the silver ligis it ou, and of a good R-publican doct in a greatly to il. benefit of the grand o I mar y.

Gresham had been appointed to fill the vacancy of the Supreme Bench caused by the death of Justice Miller. The Probibition Party and Its Platform

The organization of the Prohibitica party of Netada on Wednesday last was in event fraught with great consequence r the future welfare of our State. Then 1 reak, name neally at prisent, it is not but be coning puts of the war future. It i the first political party in Nevada to lift a: he voice of probablin the name of suffering humanity against the liquor traffic, which has so long nominated politics and dictated he policy of both the Republican and Dem ocratic parties in our State-who walk arm and arm with it, bestowing their sweetest smile and fondest caress, vieing with each other in praising the beauties and exalling the virtues of this painted sorceress that seduces men from the paths of sobriety and virtue. Many good citizens have long waited for the parties to esponse the cause of sobriety and morality, but have waited in vain—conscientions men feel that the time has come when they will no longer vote to stands uncompromisingly committed. perpetuate the saloon, whose only mission e to debauch and degrade, to make sober men drunkards, industrious men idlers, to destroy health, home, happiness, all, in-Both the Democrat and Republican parties licensed. To license it means to become a partner with it and share its vile profits and also become responsible for limited coinage of silver. every drunkard made and every orime committed through its influence. No man possessing sense af right can do this. For him there is no alternative but put it away. In great part this is the mission of the Prohibition party. But it aims to do more parties and have brought the name of Neada into reproach. The State ticket nominated is not yet complete.

M. E. Ward, of Rene, one of Nevada's Congress. No doubt exists in the public mind as to his being a taxpayer and as to whether he is fully identified with the interests of the State. His long residence American industry to compete with that among us forever settles that question. A son of Maine, a man of sterling worth, exemplary character and large business capacity, he wall fill with credit to himself and bonor to the people the position of Member of Congress, if elected. Upon one thing our fellow citizens can depend, when it comes to the question of standing or the right, he will be found as immovable toward wrong as the granite hills of his oative State.

J. R. Hammond, of Tuscarora, a gentleman possessing a fine education and busi iess talent, who is the nominee for Secr. ny of State, will fill the pistion, i lected, with credit. Level headed. nonest, capable, well known and chosesfrom the class who bears the beaviest burion of taxation; I speak of the farmers of Novada, J. C. Haines, Rouben Hong and W. H. Haines, who will serve every true interest of Washoe county in a manner that around town yesterday. Jimmy is all right, | will be fully satisfactory. The people need and will scoop in the Attorney Generalship | have no fear of any lottery scheme being foisted upon them while they have such men in the Legislature to represent them; neither of jobbery nor dishonesty; nor will they have to pay another \$15,000, as they were compelled to do by our last Legislature, for the privilege of voting out a branch of the Louisiana lottery.

For County Commissioners the names of Abraham Banta and Eli Morrill are a sufficient guarantee that the business of the county will be conducted with honesty, ecenomy and ability. More than this need not be said, and more than this the people do not require. The election of these men means prosperity for Washoe county.

J. G. Westlake, if elected to fill the office of Sheriff, will make a thorough, efficient and conscientious officer as will also J. Stiner, the nomines for Assessor, and M. J. Turney, numines for Treasurer, all of whom are capable, trustworthy men.

The Prohibition party has been the first to place a woman in nomination for public office-the name of Mrs. C. B. Norcross, for School Trustee (short term), Mrs. Norcross is a lady of intelligence and refinement, and one that has a deep interest in the cause of education, and would honor any position to which the people may elect her. They will serve their educational interests by giving her their votes.

E. W. Taylor is the nominee for Justice of the Peace in the town of Reno. He of age, was found dead in his cabin adjoin. formerly resided at Greenville, Cal., where ing Dr. Hogan's place near the Pavillon, he filled the office of Justice acceptably, Tuesday noon. A Coroner's jury, impan. but has resided for several years in this eled, decided that he came to his death county, where he is well and favorably from natural causes. He had no relatives known. Judge Taylor would fill the office here. For several months he has been en- satisfactorily, because capable, and would hold the scales of justice evenly balanced, giving to all their dues.

H. F. Pavola, the nomines of Public Adminis rator, would fill that position with the

The record of the Republican party is its best platform.

No political party in human history has taken such advanced positions for the equality of races none has so well ted the admistration of authority to the needs of business, none has so managed the affairs of a State as 10 encourage the development of a continent, none has so elevated a nation and so contributed to the happiness of man, none has so henestly and economically carried on the routine duties of office.

is noblest and best in its own country and hope and promise of a better future for the human race.

Its battles for human rights, its preservation of the union, its abolition of alwary, its protection to labor, its elevation of alwary, its protection to labor, its elevation of alwary, its protection to labor, its elevation of alwary its protection to labor, its elevation of manufacturers, its upholiding of the Nations credit, its efforts in behalf of honest financial methods, its homestead system, and its devotion to popular education have made for it the greatest record of any political organization this or any other country ever had.

The names of its heroes are legion, and the deeds of Freemont, Lincoln, Grant and Garfield will shine like electric lights on the pages of history.

The Republicans of Revads, in convention assembled, heartily indone the acts of the Fifty-first Congress, which has made greater advances in convect and needed legislation, than any since the war. The crime of filloustering, so often recorded to by the Democratic party for the purpose of defeating legislation, and blocking the wheels of government, has been done away with by the genins of Reed, McKinley and their associates, and the off-sanders tangely that Congress, and the off-sanders tangely that Congress man are paid by the people for making good laws and not bad politics. We are in favor of the use under wise pians and safe management of the large fund lying idle in the State Treasury in a way to quicken it into life and start it through our great valleys, reclaiming one after another, making homes for new citizens, and adding to our tarable property, and we recommend that our Senators and Assemblymen give this matter their caroful attention adopting the system which promises the growtest good to the State, giving it the reolid support.

We are in favor of the acquisition, either by State or county, of the control of the water storage sites if the Truckee basin so that they may, in time be made useful to the public, without the possibility of their railing into the hands of private monopoles.

Recognizing the true worth and stratghtforward manner in which the Democratic State Convention hold in Renc. September 12, 1850, presented its platform and the completeness of the scope, we re-

assert the principles therein contained and inderse it as a part of the clatform of this Convention.

We lay capecial stress upon the doctrine of the electron of hemset and capable citizens of the State and count to office, of securing a free and in elligent ex relies of the ballot, of restraining corporative abuses and usur, attors, of relipsuing and qualizing taxation, and of perpetu ting the fair and is norable in most Washes count.

We utterly repudiate the id-a that to be successful in settaining or principles we should bondown and worship the glid in the Democratic Strendlardorn in denouncing the pre-entil advised and imprestructed leave passed by the legulation of the religious models of the convention and of restring the priority of right therethe and domain; the repeal the roof.

We pl due the nominess of this Convention to the comments and honest estimation of the offices of both State and county.
